

YOUR CHILD'S VISION, OUR MISSION

Who is Sight Savers?

Established in 1997, Sight Savers America is a 501c3 non-profit organization that works to identify and secure treatment for unmet vision and health needs that impede a child's ability to meet his or her full potential in school and in life. For more information, visit us at www.sightsaversamerica.org and www.facebook.com/sightsaversamerica.

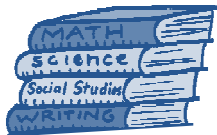

The **Children's Eye Care Network**, a Sight Savers America program, provides eye care follow-up statewide to children in AL and MS and in areas of FL, GA, SC, TN, and TX, from birth through their 19th birthday.

Our free comprehensive vision follow-up services include:

- Scheduling eye exams & eyeglasses for uninsured /underinsured children
- Scheduling eye exams & eyeglasses for children with Medicaid/State CHIP
- Repair & replacement of broken & lost eyeglasses with current Rx
- Coordination of services as prescribed, including medications, surgeries, vision aids, vision therapy
- Appointment reminders & follow up contact for results
- Transportation to and from appointments as needed
- Individualized case management and education
- Established eye care continuity until 19th birthday

Did you know?

When vision problems go undetected, children almost invariably have trouble reading and doing their schoolwork.

eyeglasses are provided at no cost to families through our program every year!

Why is your child's vision health so important?

- ✓ Children with vision problems often have no idea because they have no other frame of reference.
- ✓ 80% of what children learn is processed visually. Vision is very important in a child's academic and social development.
- ✓ It is critical to discover vision problems early. To prevent long term vision loss, some conditions must be treated early.

Approximately **1 out of 5** children in the U.S have a vision problem.
