Organizational Description:

Many young adults graduate college with a drive to change their world and learn the best ways to support under-resourced communities. Impact America provides an opportunity for recent graduates to engage with their communities in a meaningful way, broadening their perspectives and making a real impact. As an AmeriCorps member with Impact America, you would spend a year of service after graduation at a nationally recognized organization working to mitigate the effects of poverty, while also gaining professional experience and a broadened perspective.

Position Description:

AmeriCorps Members serving with Impact America engage with communities through Impact's FocusFirst initiative. **FocusFirst** ensures that children in urban and rural communities receive comprehensive vision care during their crucial formative years. When serving with FocusFirst, AmeriCorps members use high-tech photoscreening cameras to conduct vision screenings for young children in Head Start and daycare centers. All children who fail the screening are referred to our partner, Sight Savers America, for follow-up care services, including eye exams, glasses, or other treatment. Since 2004, FocusFirst has provided vision screenings for over 750,000 children across the Southeast.

AmeriCorps members will serve approximately 25 hours per week.

Position Responsibilities:

- Attend training on FocusFirst screening equipment/procedures
- Conduct vision screenings at Head Start and daycare centers throughout your state of service.
- Process results from vision screenings to ensure that follow-up care is provided for all children who need it.
- Recruit and lead volunteers to assist with screenings, as needed (Note: volunteer involvement has been curtailed due to COVID-19 and may be resumed as the situation permits)
